

Mountains

Stunning Start

Our first term will start with a piece of artwork— a aurora borealis mountain scene using chalks.

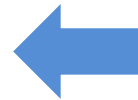

Our journey will take us through how and why mountains are formed. We will look at the various types of mountain formation and where they are situated on the globe.

In geography, we will also compare mountains; Ben Nevis and the Alps.

Our science topic is materials. We will be looking at the various way of separating materials based on their properties. We also have a fun activity involving 'soup'.

In DT we will be getting our needles out and creating a made to measure cover for a device. In art, we will be looking at perspective and various ways to enhance paints.

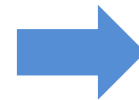

Marvellous Middle

We will be making our own topographical map based on a mountain we have created from clay.

We will start the year with some time on well-being and our health. We will continue to pick up on these throughout the term as well as any other topics that arise.

In RE we will start by looking at God and what he means to Christians.

We will continue to have daily spelling and reading teaching.

Fabulous Finish

To finish, we will put all the practising of skills and personal specification into action and create a mountainous master piece. We will draw a mountain skyscape and paint a night sky with either watercolours or adapted acrylic paint.

Homework

Spelling homework will be sent home weekly. Please practise the given words using a method that suits your child the best. I can provide various suggestions for learning them if you would like.

We are also asking that they read most (if not every) day. Hearing them read their school book will help them do well on the book quizzes so we encourage you to hear them read most days.

Please also encourage your child to practise their times tables on Times Table Rock Stars. I will aim to hold Arena games during the school week too.

PE and Forest School

We will be doing forest schools every Tuesday in Autumn term 1. Your child needs to come dressed in warm clothes that can get muddy. If wet you may wish to provide waterproofs. They must bring full uniform, including shoes and tie, to change into for the afternoon .

Our PE day will be set each term. On these days your child needs to wear appropriate PE kit to school.

We will be doing PE every Thursday in Autumn term 2. On these days your child needs to wear appropriate PE kit to school. As it gets colder you may wish to bring a plain navy or black jumper.

Collection

If your child is being collected by someone different, please send a Dojo message in advance.

Contact

If you have any concerns or queries about anything at school, please send a message on class dojo.

Absence

Please contact the school office.
